

# THE ENFYYS

## MOVING

You don't need to agree  
Look at yourself and go for it  
Don't need to keep coming up  
with new ideas, with new ideas

It never depends on what they think of you  
Just do what completes life the most for you  
It never depends on what they think of you  
Just do what completes life the most for you

Now is the time to break free and go your way  
go with your flow and do the things you've always been dreaming of  
Throw your arms up, celebrate life and cheer yourself  
and don't stop moving, moving

You don't have to shine  
Throw all of your plans aside  
No rush, have a break  
See the path you need to take

It never depends on what they think of you  
Just do what completes life the most for you  
It never depends on what they think of you  
Just do what completes life the most for you

Now is the time to break free and go your way  
go with your flow and do the things you've always been dreaming of  
Throw your arms up, celebrate life and cheer yourself  
and don't stop moving, moving

Hör nicht auf, schau nach vorn,  
hab es drauf, bin dafür geboren

Ich hab lang genug gewartet  
bis der Wandel endlich startet  
Alles was ich heute beklag,  
ist das Ergebnis einer Phase  
Bleib nicht stehen, schieß auf Regeln,  
Geist am Schweben, lass sie reden  
Die Lösung meiner Ängste,  
bin der König wenn ich lenke  
Doch all das Schöne hat ein Ende,  
wenn ich das Böse nicht bekämpfe  
Meine Zeit wird kommen,  
es gibt kein Entkommen

Now is the time to break free and go your way  
go with your flow and do the things you've always been dreaming of  
Throw your arms up, celebrate life and cheer yourself  
and don't stop moving, moving

Now is the time to break free and go your way  
go with your flow and do the things you've always been dreaming of  
Throw your arms up, celebrate life and cheer yourself  
and don't stop moving, moving
